May 4, 1852.

To Measrs. Mortimer & Mowbray:

Dran Sins: In justice to Dr. Hampton's Vegetable Timeture, I wish to it form you that I was taken sick on the 3d and of January last, with an affection of the stomach, bowels, and kidneys. I was attended by four eminent physicians for more than two months—all to little or no effect. had some knowledge of the great virtue in Hampton's Timeture from one bottle which my wife had taken two years since.

ture from one bottle which my wife had taken two years since.

I came to the conclusion that I would take no more medicine from my physicians, but try the Tincture; and I am lappy to inform you I had not taken it two days before I felt its powerful influence upon my stomach. I have continued using the Tincture, and am now able to leave my room, and can eat any common diet without much inconvenience or pressure ou my stomach.

The afflicted or their friends are daily visiting me, to learn of the great virtue there is in this Tincture of Hampton's. I expect to send you several extributes in a few days—one especially from a young lady who has been confined to her room twelve months, with a disease of the head, affecting the brain.

Respectfully yours,

E. W. HALL.

On the permancy of the cure hear him. Still another let er from the above!

BARBELLVILLE, ALLEGANY COUNTY, (Md.,)
October 18, 1852. Messrs. Mortimer & Mowbray:

DEAR SIRS: I am happy to inform you that this day finds me in the enjoyment of good health, by the use of your Hampton's Tincture and the blessing of God. I am enable to pursue my daily avocations as usual, and I have a great desire that the afflicted should know the great curative owers of the Tiucture.
I am, with respect, yours,

Messrs. Mortimer & Mowbray: Gents: Last September 1 was attacked with erysipelas, from which a dreadful ulcer formed on my right leg. Getting better of this, last November I took a deep cold, which led to what my physician told me was billous pleurisy, which left me with a constant, deeply-seated, and pathful cough, having no rest day or night, and constantly throwing up from my lungs a thick matter. I became much emaciated, growing weaker every day, and keeping my bed the greater part of the time. My friends thought I had the consumption, and at times I was also of the same opinion. At this stage of my disease, after having tried many and various remeies, without success, a friend advised me to try DR. HAMPTON'S VEGETABLE TINCTURE, and procured me a bottle, which I now pronounce the greatest medicine I ever took. Before I had taken half the contents of one bottle I felt much improved; and now, having taken but two bottes, my cough and passa hace entirely left me, and I am enabled to attend to business. I can truly say that, with the beseing of God, I have been restored to the health I now enjoy by the use of this most invaluable medicine.

NORTHAMPTON Co., April 13, 1852.

Messrs. Tyler & Adair: I have been afflicted with kheumatism, at times, from my twelfth year; I will be fifty years of age the 18th of this month; the attacks were at times so severe as to render me helpless; I have tried various remedies to very little effect. Last October I was attacked in my shoulders, sides, back, and hips; I could not rest, day or night; I could not move any part of my body without crying with pain; at this time I also tried many remedies, internal and external, without receiving any relief; I was at last advised to try HAMPTON'S VEGETABLE TINCTURE; before I had taken one bottle of which I felt much better, and as I continued taking it I felt strength coming into my back and limbs, and my stemach strengthened and review every way; I have taken five bottles, and am much better than I ever expected to be. I intend to use it whenever I need it, and would recommend it to the afflicted, believing it unequalled. Yours, ELIZABETH BAGWELL.

These have been specially prepared to meet the universal

want of sensing an energing from the intant class to regular Sunday School. Such scholars can usually read and learn a lesson if pined in their hands, but they are not capable of taking the Scriptures in hand and preparing themselves to answer the questions usually proposed in question books.

These books take up all the most important portions of Scaipture history, and furnish both question and answer in appro; riate language.

The following particulars characterize the books in ques-

tion:
1. The answers are very brief, and printed in large type.
2. The subjects are judiciously selected, running through the whole Bible.
3. As they furnish both questions and answers, the pupil is saved from the necessity of having more than one book in hand at a time—a very desirable arrangement for young

scholars.

4. They are profusely illustrated with better cuts than have been hitherto used in similar works.
